Dear Mr Kant

I refer to the lodgment you have made with the Court under ID **1365753**.

The Duty Registrar has advised the following:

1. **Details of claim in the OA:** You may wish to include a brief statement of the your argument in support of the application. You may also include a brief statement of the factual background to the application if appropriate.
2. **Orders sought in the OA:** You may wish to clearly identify the exact orders you wish the Court to make. For example, if an injunction is sought, you may wish to specify the type of injunctive relief. You may also wish to avoid using colloquial terms, such as seeking a "*Writ of do your job*" for example.
3. **Affidavit(s):** In your affidavit, you may also wish to describe and set out the circumstances to be relied upon, in addition to the documents exhibited. This may involve describing the context in which the documents are exhibited in support of your Application.

Please review and consider making some of the above changes to your application documents. The lodgment has been pended back to you to allow you to make changes. Once you are ready to re-submit you may do so and the Duty Registrar will consider them further.

Kind regards
